# **REPORT ON SIXTH ECONOMIC CENSUS**

**DIRECTORATE OF ECONOMICS AND STATISTICS  
PUDUCHERRY**

**A. Namassivayam**  
**Minister for Statistics**

**MESSAGE**

I am happy that the Directorate of Economics and Statistics is bringing out the Report on Sixth Economic Census which provides data on number of establishments and number of persons employed therein along with their location and type of ownership etc. I hope the data would be very useful to the planners, policy makers and research scholars.

I congratulate the Officers of the Directorate of Economics and Statistics for bringing out this report.

Wish them all success.

**MESSAGE**

The Sixth Economic Census was conducted during October 2013 - January 2014. The basic information on establishments, employment, nature of operation and ownership etc was collected in respect of both agricultural and non- agricultural activities excluding those engaged in plantation and crop production.

The present report provides a detailed analysis of results based on the data collected during census. The results of the census, I am sure, would be useful in the formulation of appropriate policies relating to economic development of our Union Territory, particularly the unorganized sector.

I convey my sincere wish to the officers and staff who were involved in bringing out this useful report.

## FORWARD

I am glad to note that the Directorate of Economics and Statistics, Government of Puducherry is releasing the report on Sixth Economic Census. The basic information on enterprise, activity, social group of ownership, location of enterprise, major activity groups, size class of the employment, etc was collected in respect of both agricultural and non-agricultural enterprises excluding those engaged in plantation and crop production. Further, the details of handicraft and handloom establishments were collected for the first time in the Sixth Economic Census. The intention of conducting the Economic Census is to provide a sampling frame for detailed follow-up surveys covering the sub-sectors of unorganized activities and to generate employment opportunities.

I appreciate the Director of Economics and Statistics and his team members for conducting Sixth Economic Census and bringing out the results in time.

Hope this publication will be very useful to the planners, policy makers, administrators and research scholars.

## **PREFACE**

Economic Census is a gigantic exercise and provides comprehensive profile of all establishments engaged in economic activities both in private and public sectors at all levels. The economic census is undertaken quinquennially under the technical guidance and support of Ministry of Statistics and Programme Implementation, Government of India. The field work of economic involved counting of all the establishments with district wise profile of the Union Territory of Puducherry excluding those engaged in crop production, plantation, public administration, defence and compulsory social security services.

The area enumeration of sixth economic census was done based on the enumeration blocks of the population census 2011. In the present census, handicraft/handloom establishments were identified separately along with number of persons working therein, which is an extra and addition in the scope of sixth economic census.

I place on record the sincere efforts taken by the Economic Census section of this Directorate for successful conduct of the Sixth Economic Census and bringing out the report.

I am sure that the data contained in this report will be useful to administrators, policy makers and researchers.

**Dr. S. VAITTIANADANE  
DIRECTOR**

## HIGHLIGHTS OF THE SIXTH ECONOMIC CENSUS

- Sixth Economic Census was conducted in all the 4 regions/Districts of the Union Territory of Puducherry
- Fieldwork was conducted during October, 2013 to January 2014.
- All the establishments engaged in various agricultural and non-agricultural activities excluding crop production, plantation, public administration, defence and compulsory social security were enumerated.
- Data for handicraft/handloom establishments was collected for the first time.
- Enumeration Blocks (EBs) of population census 2011 were used as the primary geographical units for collection of data.
- About 386 enumerators and 91 supervisors were engaged in the collection of data from 2300 EBs of Population Census 2011.

### 1. ESTABLISHMENTS

- As per the Sixth Economic Census, 59152 establishments were found to be in operation in the Union Territory of Puducherry. Out of which 17759 establishments (30%) were found in rural areas and the rest 41393 establishments were found to be located in urban areas.
- Out of 59152 establishments, 88.41% of establishments (52299) were engaged in non-agricultural activities (excluding public administration, defence and compulsory social security activities) while the remaining 11.59% establishments (6853) were found to be engaged in agricultural activities (excluding crop production and plantation).
- During the period between Economic Census (2005 & 2013), non-agricultural establishments grew at the rate of 15.61%, while agricultural establishments grew at the rate of 58.08%.
- As per the Sixth Economic Census, 56.76% were Own Account Establishments (i.e establishments without any hired worker) and the remaining 43.24% were establishments with at least one hired worker. Own Account Establishments grew at the rate of 31.85 % while the growth of establishments with hired worker was 6.09% during sixth EC over 2005 Census.

- Out of 59152 number of establishments, 95.37% establishments were under private ownership and remaining 4.63% establishments reported their ownership as Government or PSU. Proprietary establishments accounted for 86.6%.
- Majority of establishments (96.8%) were perennial in nature. 1.4% of establishments were seasonal and remaining 1.8% reported casual in nature.
- Livestock was the major economic activity (56%) of agricultural sector. Retail Trade (34%) followed by Manufacturing 16.3% were the dominant ones within the Non-agricultural sector.

## **2. PROPRIETARY ESTABLISHMENTS**

- 86.6 % of the establishments were owned by proprietors.
- Among the proprietary establishments, 17.2% were owned by females.
- 73.1% of the proprietary establishments were owned by social group owner OBC.
- 84.6% of the establishments were owned by Hindus, 5.6% by Islam, 3.7% by Christians and the rest 6.1% by Sikh (0.04%), Buddhist (0.01), Parsi (0.01), Jain (0.36%) and others (5.72%) religions.

## **3. EMPLOYMENT**

- There were 219378 persons found employed in 59152 establishments. Out of which, 68744 persons (31.34%) were employed in rural areas and 150634 persons (68.66%) in urban areas.
- Growth rate of employment since 2005 was of the order of 12.70%.
- Out of 139912 total persons in proprietary establishments, 119452 persons (85.4%) were male, 20027 persons (14.3%) were female and 433 persons (0.3%) were others.
- 12.4% of workers were employed in Government or Public Sector Undertakings, 63.8% of the workers in proprietary establishments and rest 23.8% in Private Companies/SHGs/Cooperatives etc.
- Out of 219378 persons, 175767 persons (80.12%) were hired workers and the remaining 43611 persons (19.88%) were non-hired workers.
- Manufacturing sector was the largest employer providing employment to 57910 (26.39%) persons. This was followed by retail trade employing 38566 persons (17.58%) and livestock sector employing 5225 persons (2.38%).

- Overall average employment per establishment in Sixth EC was 3.71 as against 3.93 in Fifth EC.

#### **4. WOMEN ENTREPRENEURS**

- Total number of establishments owned by women entrepreneurs was 10169 (17.19%). These establishments provided employment to 20027 persons (9.13%), out of which 48.37% were without hired workers.
- Out of establishments under women entrepreneurs, about 18.12% belonged to agricultural activities, with livestock dominating therein having a share of 14.01%. Among non-agricultural activities owned by women entrepreneurs, Retail trade and Manufacturing were the dominant ones with corresponding percentages being 34.26% and 18.97% respectively.
- Out of total establishments under women entrepreneurs, percentage share of various social and religious groups was as follows: OBC: 66.93%, SC: 12.52%, ST: 0.99% and Others: 19.56%.
- Average employment per establishment for women owned establishments was found to be 1.97.

#### **5. HANDICRAFT/HANDLOOM ESTABLISHMENTS**

- Total number of Handicraft/Handloom establishments was 353 (0.6% of total). These establishments provided employment to 2730 persons (1.24% of total).
- Majority of establishments i.e 92.35% were owned by proprietors. Further, 73.93% and 26.07% establishments were owned by males and females respectively.
- Average employment per establishment for handicraft/handloom establishments was found to be 7.73.

# **CHAPTER – I**

## **AN OUTLINE ON ECONOMIC CENSUS**

### **INTRODUCTION**

The Economic Census is the complete count of all entrepreneurial units located within the geographical boundaries of a nation, involved in economic activities of either agricultural (excluding crop production and plantation) or non-agricultural sectors of the economy, engaged in the production or distribution of goods and services not for the sole purpose of own consumption. The main aim of the Economic Census is to provide information on distribution of enterprises and their entrepreneurial activities like location of enterprise, description of activity of the enterprise, nature of operations, type of ownership, power/fuel used, number of persons usually employed etc.,

The Central Statistical Organization in Co-ordination with State Statistical Directorates, has been making concerted efforts in developing sound and reliable data bases particularly for the unorganized sectors of Non-agricultural economy and launched country-wide Economic Censuses in 1977, 1980, 1990, 1998 and 2005.

### **FIRST ECONOMIC CENSUS – 1977**

In order to abridge the data gaps in unorganized sector of Non-Agricultural economy covering unregistered manufacturing, trade, transport service, etc the Central Statistical Organization, Government of India launched the first ever Economic Census in the country during 1977. In this census, information was collected from all the non-agricultural enterprises employing at least one hired person on a fairly regular basis, relating to type of activity, number of persons usually working, type of ownership, etc. For the census, an enterprise was defined as an undertaking engaged in production and / or distribution of goods and / or services not for the sole purpose of own consumption. The Census was followed by two sample surveys one in 1978-79 and another in 1979-80. The sample survey conducted in 1978-79 was devoted to unregistered Manufacturing sector, while the sectors of Trade, Hotels and Restaurants, Transport, Storage and Warehousing and Services were covered in 1979-80 Survey.

### **SECOND ECONOMIC CENSUS – 1980**

The Second Economic Census 1980 was carried out along with the house listing operations for the 1981 Population Census. This was a joint endeavor of the Central Statistical Organization and the Registrar General of India with the active cooperation of the Directorate of Economics and Statistics. This synchronization provided wider scope and coverage for the Second Economic Census. While the

First Economic Census included in its scope and coverage only establishments in the non-agricultural sector, the Second Economic Census had within its scope and coverage all enterprises (both Establishments and Own Account Enterprises) in the entire economy excluding crop production and plantation. Based on the frame thrown up by this census, three rounds of follow up Sample Surveys were undertaken during 1983-84, 1984-85 and 1985-86 respectively in the sectors of 1) Transport, Hotels and Restaurants, Storage and Warehousing and Services, ii) Unregistered manufacturing sector and iii) Wholesale and Retail Trade Sector.

### **THIRD ECONOMIC CENSUS - 1990**

Over a period of time, the frame based on second Economic Census to conduct follow up surveys, found to be out dated and it was felt to update the information collected in the Economic Census 1980 and to assess the changes in the structure of establishments, the growth of employment etc., a new frame was considered necessary. As such, the third Economic Census sponsored by Central Statistical Organisation was carried out during the period 15th June to 14th July, 1990 synchronizing with the house listing operations of the population census of 1991 for operational conveniences and cost effectiveness. In the third Economic Census, a complete enumeration of all enterprises in the unorganized non-agricultural sector and agricultural sector excluding those engaged in crop production and plantation was carried out. The scope and coverage of the census was finalized by a Technical Advisory Group (TAG) represented by the planning Commission, experts from the Central and State Governments, Non-government researchers and user organization. The items of information collected in the third Economic Census included (a) Location of enterprise, (b) Nature of operation, (c) Type of Ownership, (d) Social group of Ownership (e) Power/fuel used for the economic activity (f) Number of persons usually working and (h) engage of hired persons etc.,

### **FOURTH ECONOMIC CENSUS – 1998**

To prepare a sound sampling frame for conduct of detailed sample surveys and to assess the impact of liberalization measures on entrepreneurial activities, a country wide Economic Census, which is the Fourth in the series was launched by Government of India. The Fourth Economic Census although approved by Planning Commission for being undertaken in 1996 could not be conducted in time due to severe financial resource constraints. Financial approval for conduct of the census was accorded by the Expert Finance Committee during November 1997 and the census was conducted during the year 1998. The Fourth Economic Census was conducted as a Centrally Sponsored Scheme by the Department of Statistics, Government of India. The Central Statistical Organization had the overall responsibility of providing technical guidance and the financial support for the conduct of the census. But the entire responsibility of organizing the census work, carrying out field work , supervision, processing of data, tabulation, etc was of the State Government machinery namely Directorate of Economics and Statistics. For organizing the Economic Census Programme 1998, a good deal of spadework had to be carried out.

In order to provide all technical guidance for the census, a Technical Advisory Group (TAG) under the chairmanship of Prof. J. Roy, Research Professor Emeritus, ISI Calcutta and experts both from Central and State Governments were constituted. The TAG finalized not only the scope and coverage and concepts of the census but also the four schedules to be canvassed in the Economic Census. These are the House List Schedule, Enterprise Schedule, Enterprise List Abstract and House List Abstract

## **FIFTH ECONOMIC CENSUS- 2005**

As per the guidance of Central Statistical Organization, Government of India, 5th Economic Census was conducted during 2005 under 100% Centrally Sponsored Scheme in this Union Territory. All economic activities of Agricultural Enterprises except Crop production and plantation together with some of their salient characteristics, like location of activity, type of activity, employment (by sex) etc., has been collected in the Census. The States / Union Territories Directorate of Economics and Statistics has been appointed as a Nodal Agencies for 5<sup>th</sup> Economic Census.

As per the guidelines of Government of India, a State Level steering Committee has been constituted with the Chief Secretary as the Chairman and Census Commissioner, the Director, Directorate of Economics and Statistics as Additional Census Commissioner for monitoring and coordinating the census work at U.T. level. The Regional Administrators of Karaikal, Mahe and Yanam were appointed as Deputy Census Commissioner for their region concerned. As per the time schedules the conduct of Field work was launched by His Excellency the Lt. Governor on 05.05.05 at Rajnivas, Puducherry in which Hon'ble Chief Minister and Hon'ble Minister for Statistics also took part. The Field work was started immediately in all the four regions of the U.T of Puducherry viz., Puducherry, Karaikal, Mahe and Yanam. The field work was completed in July 2007. For the first time, the Intelligent Character Recognition (ICR) technology has been adopted for scanning and processing of the 5<sup>th</sup> Economic Census data in coordination with the Registrar General of India, Census Operations. Scanning and processing of Census data has been undertaken up in the Directorate of Census Operations, Chennai.

## **II. Concepts & Definitions of Important Terms**

Concepts and definitions of some of the important terms used in the Sixth Economic Census are as follows:

### **Establishment**

The establishment is a unit situated in a single location in which predominantly one kind of economic activity is carried out such that at least a part of the goods and/or services produced by the unit goes for sale (i.e. entire produce is not for sole own consumption).

## **Agricultural Establishment**

An agricultural establishment for the purpose of Economic Census is one, which is engaged in production of agricultural goods (other than crop production & plantation by the farmers or a group of farmers or any agency), agricultural services, hunting, trapping & game propagation, where at least some part of the production or services is sold out. Establishments engaged in activities pertaining to crop production and plantations though in the agriculture sector are excluded from the coverage. Thus primarily cultivators themselves are excluded from the coverage of Sixth Economic Census.

## **Non-Agricultural Establishment**

Establishments engaged in activities other than agricultural activities (like crop production & plantation, growing of tea, coffee, rubber, tobacco etc.) are termed as non-agricultural establishments.

## **Household**

A household is a group of persons usually living together and taking their meals from a common kitchen. It includes temporary stay-away (those whose total period of absence from household is expected to be less than six months) but excludes temporary visitors and guests (with expected total stay of less than 6 months). A group of persons, who are unrelated to each other, live in a census house but do not take their meals from a common kitchen would not constitute an institutional household.

## **Census Towns**

Census towns are those villages having a population of 5000 and above, at least 75% of male working population are employed in non-agricultural activities and density of population is atleast 400 per sq. km., covered as urban areas during Population Census 2011 by RGI.

## **Census House**

A census house is a building or a part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used, or recognized as a separate unit. It may be occupied or vacant. It may be used for residential, commercial or for both purposes.

## **Enumeration Block**

The ultimate area unit of enumeration in the Sixth EC is Population Census (2011) Enumeration Block (EB). An EB broadly covers about 120 households or a population of nearly 600 or so.

## **Handicraft/Handloom Activity**

Handicraft describes a craft or occupation requiring skilled use of hands. Handicrafts are items made by hand, often using simple tools. These items can be functional, artistic and/ or traditional in nature.

## **Nature of Operation**

If the entrepreneurial activity is carried on or likely to be carried on throughout the year more or less regularly, it is treated as perennial activity. If the activity of the establishment is confined to a particular season i.e. fixed months of a year, the same is called the seasonal activity. The economic activity of the establishment which is neither perennial nor seasonal is termed as casual.

## **Worker (Person Employed)**

All persons (including children under 15 years of age) working on the last working day prior to the date of fieldwork in the establishment, either as owners, members of the household, co-owner or partner or family members helping the owner in running the establishment including other persons engaged by the establishment, whether hired or not, besides regular and salaried employees, casual/daily wage labourers are considered as workers for the establishment.

## **SCOPE OF SIXTH EC**

All economic activities (agricultural and Non-agricultural) related to production and/or distribution of good and/or services other than for the sole purpose of own consumption were covered, except those involved in crop production and plantation as it is done as in previous census. The public administration defence and compulsory social security services were excluded as such information is already available with the Government.

## **III. SIXTH ECONOMIC CENSUS IN THE U.T OF PUDUCHERRY**

The Sixth EC was conducted in the U.T of Puducherry during October, 2013 to January, 2014 under overall guidance provided by Economic Census Unit of the Economic Statistics Division, Central Statistical Office (CSO), Ministry of Statistics and Programme Implementation (MOSPI), Government of India. The Economic Census is the complete count of all entrepreneurial units located within the geographical boundaries of a nation, involved in economic activities of either agricultural (excluding crop production and plantation) or non-agricultural sectors of the economy, engaged in the production or distribution of goods and services not for the sole purpose of own consumption.

It is a Centrally Sponsored Scheme by the Department of Statistics, Government of India. The Central Statistical Office had the overall responsibility of providing technical guidance and the financial support for the conduct of the census. But the entire responsibility of organizing the census work, carrying out field work, supervision, scrutiny and NIC coding etc., was of the State Government machinery namely Directorate of Economics and Statistics.

## **BRIEF OBJECTIVE OF SIXTH EC**

- ✓ The sixth EC is proposed to provide up to date information on number of establishments and number of persons employed therein, activity wise of all the sectors (excluding crop production, plantation, public administration, defense and compulsory social security) of the country including their distribution at all-India, state, district and at village/ward levels for comprehensive analysis of the structure of the economy (micro, macro and regional levels).

Other objectives include

- To provide data at lower geographical levels like *tehsils* /villages in case of rural areas and wards in case of urban areas for decentralized planning required under 73<sup>rd</sup> and 74<sup>th</sup> Constitutional Amendments;
- To generate information on number of exporting establishments, employing 8 or more workers, activity wise and area wise in operation;
- To provide information on number of workers working in establishments, activity wise and area wise in operation;
- To provide information on number of workers working in unorganised sector (i.e. establishments employing less than ten workers);
- To provide updated Directory of Establishments employing 8 or more workers for local level planning purposes; and
- To provide an up to date frame (list) from which samples could be drawn for collecting detailed information.

## **STATE LEVEL & REGIONAL LEVEL COORDINATION COMMITTEES**

As per the guidelines of Government of India, a State Level steering Committee has been constituted with the Chief Secretary as the Chairman and Census Commissioner, the Director, Directorate of Economics and Statistics as Additional Census Commissioner for monitoring and coordinating the census work at U.T. level. The Regional Administrators of Karaikal, Mahe and Yanam has been appointed as Deputy Census Commissioner for their region concerned.

## **ECONOMIC CENSUS CELL**

An Economic Census unit has been created in the office of the Directorate of Economics and Statistics.

## **REGIONAL TRAINING PROGRAM FOR MASTER TRAINERS**

The regional training program for Master trainers was conducted on 13<sup>th</sup> & 14<sup>th</sup> September 2012 in the presence of DDG (EC), ESD, CSO. ADG (ESD), CSO, Development Commissioner-Cum-Chairman, State Economic Census Commissioner, Govt. of Puducherry, CSI & Secretary (S&PI), GOI

Director-Cum-State Addl.EC Commissioner, DES, GOP. During technical session on Day 1, a detailed lecture was given to the participants on conduct of Sixth Economic Census in which the Concepts and Definitions, listing of Houses and Establishment in Schedule-6A, Concepts related to Handicraft/Handloom Items, Use of Layout Maps (LM) and Abridged House List (AHL) Establishment Abstract-6B Directory of Establishment Schedule-6C and Briefing on Field Visit etc. were explained. On Day 2 the participants were taken to Field and explained the conduct of actual survey. Based on the above training, all enumerators were imparted training on enumeration of sixth EC in different batches.

## **PUBLICITY**

In order to spread information regarding the economic, advertisements were made by the DES, Puducherry using the media like newspapers, radio and TV channels to provide impetus to the census operation and spread knowledge about it.

## **CHANGES MADE IN THE SCHEDULES**

In Sixth EC, two schedules were canvassed, viz., i) House and Establishment Listing Schedule (6A) (**Annexure-I**) and ii) Directory of Establishment Schedule (6C) (**Annexure- III**) in place of three schedules canvassed during Fifth EC. House and Establishment Listing Schedule of Sixth EC were formed by merging '**House List**' and '**Enterprise Schedule**' of the Fifth EC. Further, the '**Address Slip**' Schedule of Fifth EC was modified and renamed as **Directory of Establishment Schedule** in Sixth EC for developing Business Register. The third schedule 'Establishment Abstract' (Schedule 6B) (**Annexure –II**) was a derived schedule of summary information based on the information contained in House and Establishment Listing Schedule, which was required to be prepared by each enumerator.

## **STATE LEVEL TRAINING TO CHARGE OFFICERS AND ENUMERATORS**

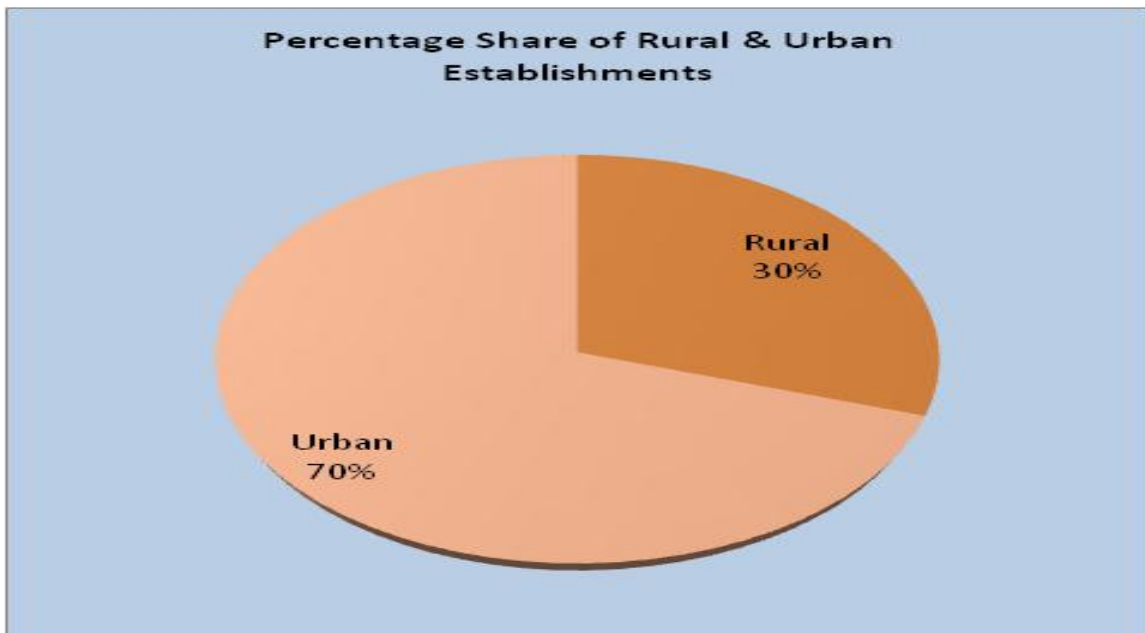

Training was conducted to Charge Officers and Enumerators on 19.08.2013 and 07.10.2013 respectively. During the Training programme, the officers and officials were elaborated on the role to be played by them during the Enumeration. The methodology to be adapted and ways and means of filling up of various schedules to be used during the enumeration were explained. The Officers and Officials actively participated in the training programme and clarified their qualms.

## **CHAPTER – II**

### **RESULTS AT A GLANCE**

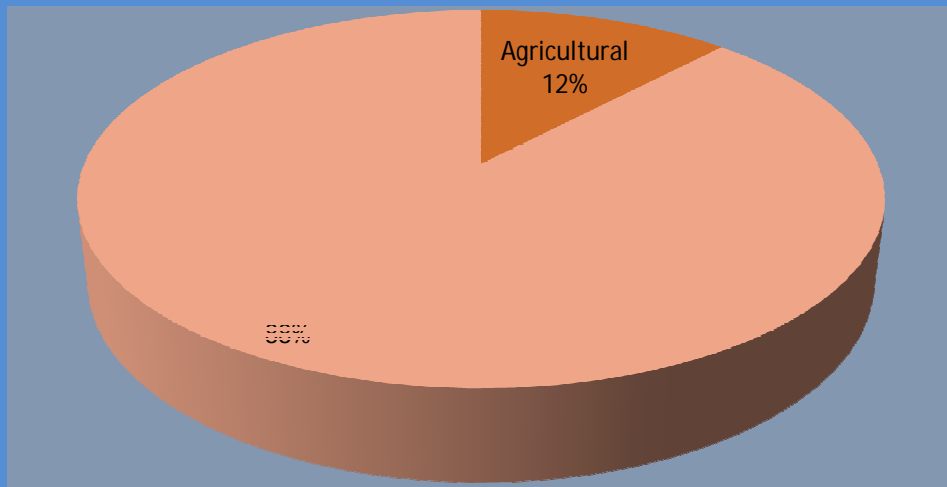

#### **1. ESTABLISHMENTS**

As per the results of the Sixth Economic Census, there are 59152 establishments in the Union Territory of Puducherry engaged in different economic activities other than crop production, plantation, public administration, defence and compulsory social security services. Out of which, 17759 establishments (30%) are in the rural areas and 41393 establishments (70%) in the urban areas. 33575 (56.76%) of the establishments are own account establishments (OAE) i.e. establishments without any hired worker. Out of which, 11391 (33.9%) are in rural areas and 22184 (66.1%) are in urban areas. The remaining 25577 (43.24%) establishments are with at least one hired worker. Out of which, 6368 (24.9%) are in rural areas and 19209 (75.1%) are in urban areas.

Among these establishments, 52299 (84.4%) were engaged in non-agricultural activities while the rest 6853 (11.6%) were engaged in agricultural activities other than crop production and plantation. About 28367 (84.5%) of the total 33575 own account establishments were found engaged in non-agricultural activities, whereas 5208 (15.5%) were engaged in agricultural activities.

### Percentage share of Agricultural & Non-Agricultural Establishments

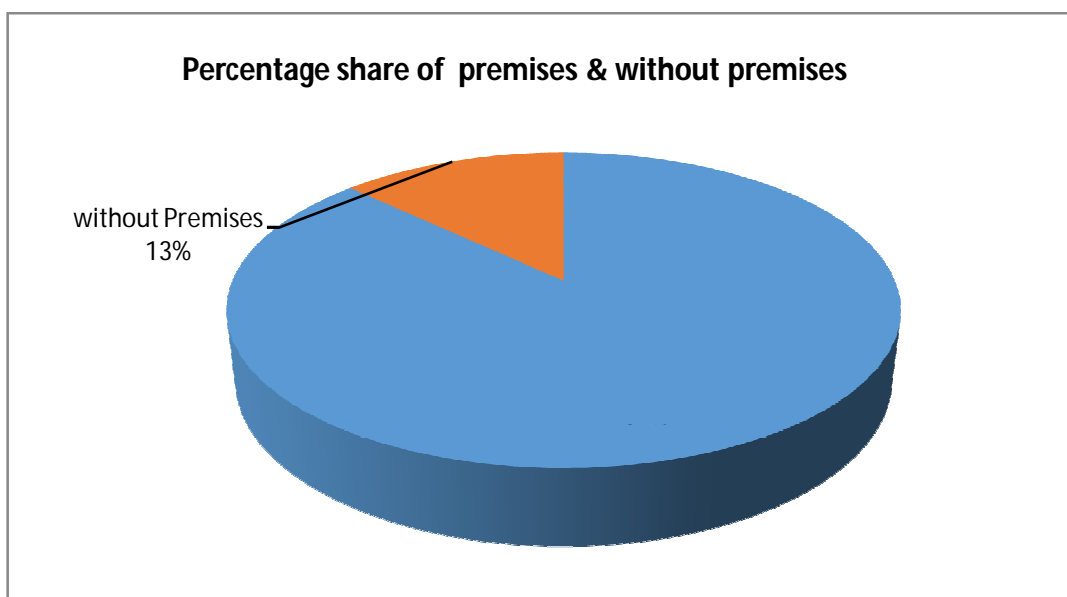

In rural areas, out of the total 17759 establishments, 3967 establishments, constituting around 22.3%, were found engaged in agricultural activities and the rest 13792, (77.7%) were in non-agricultural activities. Around 22.3% of the total establishments engaged in agricultural activities were in the rural areas. 3303 (29.0%) establishments in the rural areas were own account establishments and the remaining 664 (10.4%) were establishments with hired at least one worker. 77.7 % of the establishments engaged in non-agricultural activities were located in rural areas of which own account establishments constituted 71.0% (8088). In urban areas, out of total of 41393 establishments, 38507 establishments, constituting 93.0%, were found engaged in non-agricultural activities and only 2886 establishments (7.0%) pursued agricultural activities. 20279 (52.7%) were own account establishments and the remaining 18228 (47.3%) establishments with at least one hired worker.

The number of establishments working outside household with fixed structure, outside household without fixed structure (without premises) and inside household were of the order of 38165 (64.5%), 7661 (13.0%) and 13326 (22.5%) respectively. Out of 38165 outside household with fixed structure establishments, 9929 (26%) were in rural areas and remaining 28236 (74%) in urban areas. Out of 7661 establishments operating from outside household without fixed structure, 1984 (25.9%) were in rural areas and remaining 5677 (74.1%) in urban areas. Out of 13326 establishments located inside household, 5846 (43.9%) were in rural areas and remaining 7480 (56.1%) in urban areas.

**Tab-1 Number of Household Establishments with its structure**

	Outside HH with fixed structure	Outside HH without fixed structure	Inside HH	Total

The observations of the above table and graph on Broad activities wise number of employments are as follows:

- The manufacturing units have employed 57910 workers, of which 26398 are in rural areas and 31512 are in urban areas which constitutes 26% of the total workforce in the UT.
- The second largest sector for employment in the UT is the retail traders with 38566 employees out of which 8872 number in rural areas and 29694 numbers in urban areas, constituting 18% of the total employment.
- The third largest employer is the employer is the Education Sector with strength of 21820 employees, in which 8352 are in rural areas and 13468 are in urban areas. The total percentage of intake is 10%.

- The other major intake sector is the Human Health and social activities sector with an intake of 14930 and rural and urban contribution of 5033 and 9897 respectively. Closely following is the Accommodation and food services sector with 14424 employees in which rural 3018 number and urban 11406 number. These sectors contribute 7% of the total works force.
- Other services elsewhere not classified which contributes 6% to the total share with 12424 employees.
- Apart from the above the sectors that intake 5000 or more workers are Fishing and aquaculture 8018, Information and communication 7819, Administrative and supportive service 7044, Livestock 5225, Financial and Insurance service 5018 with a percentage contribution 4%, 4%, 3%, 2%, 2% respectively.

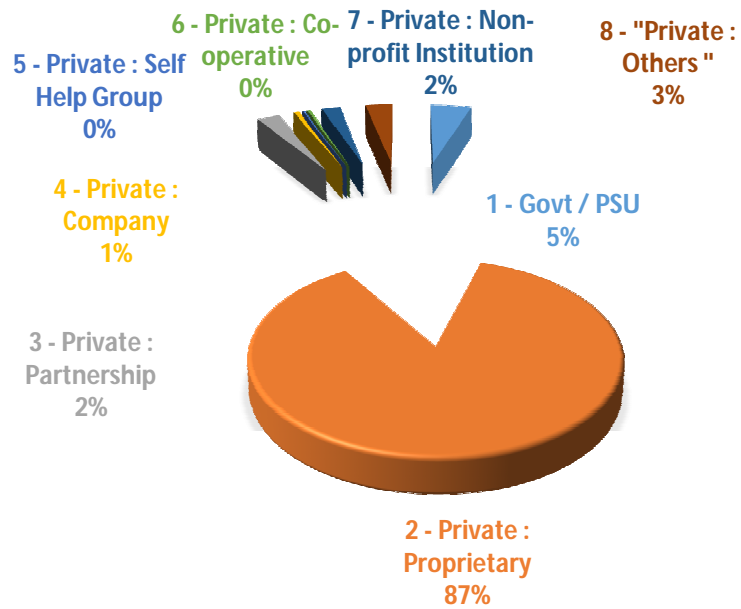

### **Classification of Establishment based on the type of ownership**

The distribution of agricultural establishments by their type of ownership (i.e. Govt./PSU and Private Ownership comprising Proprietary, Partnership, Company, SHG, Co-operative, NPI and Others) by location together with employment therein is given in the following table. It is observed that out of 59152 establishments, the Private Proprietary Ownership which accounted for about 51242 (87%) workers is the highest establishments employing more workers. About 5% establishments were owned by Government/PSU employing 2744 workers which is the second largest establishment. The share of the establishments based on the type of ownership in rural and urban areas in respect of Private Proprietary is in the order of 29.2% and 70.8% respectively.

**Tab – 5 Establishment based on the type of ownership**

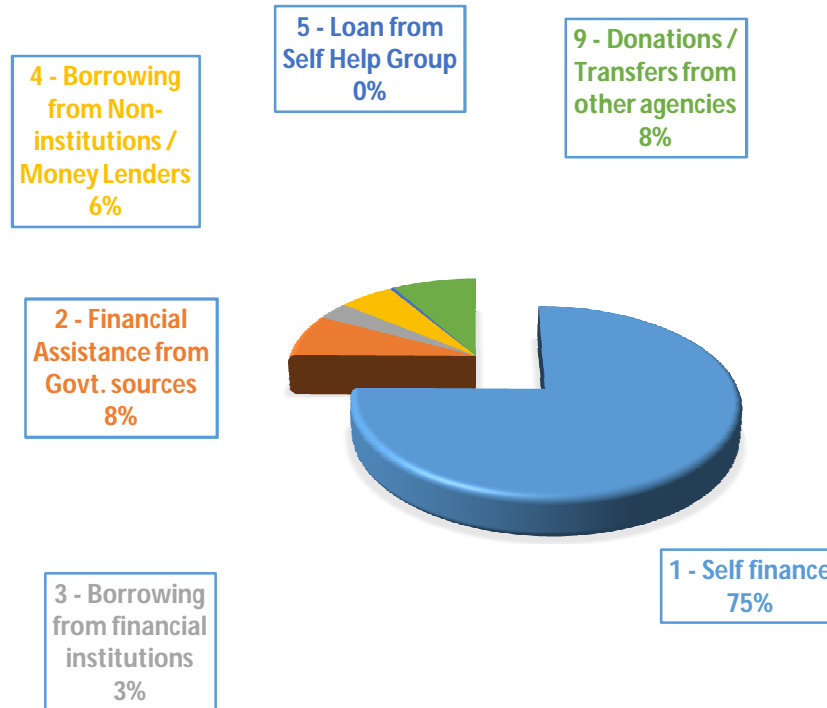

<b>Type of owner ship</b>	<b>Rural</b>	<b>Urban</b>	<b>Total</b>

9 - Donations / Transfers from other agencies	1560	3265	4825

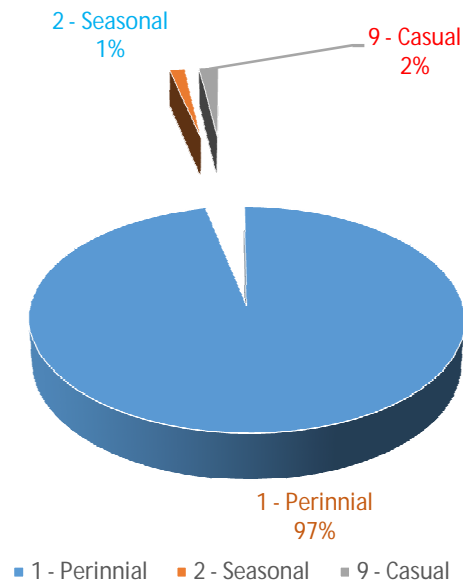

## NATURE OF OPERATION

Perennial establishments in rural areas accounted for 17290 (29.2%) of the total establishments and the remaining 353 (0.8%) and 116 (0.2%) are of seasonal and casual establishments respectively while in urban areas the perennial establishments accounted for 39940 (67.5%) of the establishments and the remaining 494 (0.8%) and 959 (1.6%) are of seasonal and casual establishments respectively. This has been depicted in the following table.

**Table -7 Establishments with nature of operation**

Nature of operation	Rural	Urban	Total
1 - Perennial	17290	39940	57230
2 - Seasonal	353	494	847
9 - Casual	116	959	1075
Total	17759	41393	59152

The percentage distribution of establishments based on the Nature of operations in respect of rural and urban combined is illustrated in the following graph:

## **CHAPTER - III**

### **AGRICULTURAL ESTABLISHMENTS**

An agricultural establishment for the purpose of the Sixth Economic Census (EC) was the one, engaged in production of agriculture goods (other than crop production & plantation by the farmers or a group of farmers or any agency), agricultural services, hunting, trapping & related activities, where at least some part of the production or services was sold out. Establishments engaged in activities pertaining to crop production and plantations though in the agriculture establishments were not covered as these are being covered regularly under Agriculture Census since 1970-71.

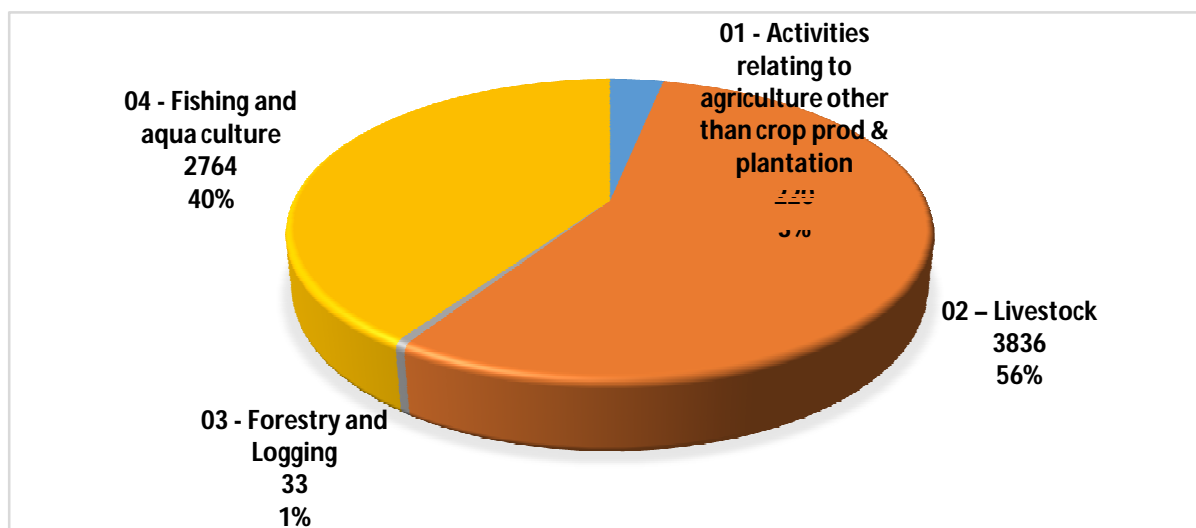

#### **1. ESTABLISHMENTS**

According to Sixth Economic Census (EC) there were 6853 agricultural establishments accounting to 11.6% of total establishments in the U.T of Puducherry. From the table it is evident that the number of establishment engaged in Livestock is 3836 constituting 56% of the total Agricultural establishment . Fishing and aquaculture accounting for 2764 establishments (40.3%) which is the second largest sector. Agricultural activities other than crop production and plantation number 220 establishments contributing 3.2% of the total share and the remaining 1% was of Forestry and logging numbering 220 and forestry and logging is only 0.5% ( 33 establishments). It is seen that out of 6853 agricultural establishments, 5208 establishments, constituting 76% of total agricultural establishments, were own account establishments. The rest were establishments with at least one hired worker. The share of establishments in agricultural activities in rural and urban areas was in the order of 57.9% and 42.1% respectively to total agricultural establishments.

**Tab – 8 Broad activity wise total number of establishment in the UT of Puducherry under agricultural activity**

04 - Fishing and aqua culture	193	2125	2318	1826	3874	5700	2019	5999	8018
Sub-total :Agricultural Activities	4098	2896	6994	2603	4220	6823	6701	7116	13817

The percentage share of employment broad activity wise in the UT of Puducherry is illustrated in the following graph:

**Tab – 10 District wise total number of Agricultural establishment in the UT of Puducherry**

District/Region	Rural			Urban			Combined		
	Type of establishment			Type of establishment			Type of establishment		
	Without Hired Workers	With Atleast One Hired Worker	Total	Without Hired Workers	With Atleast One Hired Worker	Total	Without Hired Workers	With Atleast One Hired Worker	Total
01 – Yanam	0	0	0	307	353	660	307	353	660
02 - Puducherry	2712	538	3250	1398	418	1816	4110	956	5066
03 – Mahe	0	0	0	31	1	32	31	1	32
04 - Karaikal	591	126	717	169	209	378	760	335	1095
Total	3303	664	3967	1905	981	2886	5208	1645	6853

From the above table it is observed that under agricultural activities the Puducherry District/Region had the largest establishments with 5066 in number (73.9%) followed by Karaikal District/Region with 1095, Yanam District/Region with 660 and Mahe District/Region with 32 establishments constituting the percentage share of 16%, 9.6% and 0.5% respectively. The same trend is also maintained in rural and Urban establishments in respect of Puducherry and Karaikal Districts. The District wise percentage share of without

Hired workers in respect of Puducherry (78.9%), Karaikal (14.6%), Yanam (5.9%) and Mahe (0.6%).

### 3. TYPE OF OWNERSHIP

The distribution of agricultural establishments by their type of ownership (i.e. Govt./PSU and Private Ownership comprising Proprietary, Partnership, Company, SHG, Co-operative, NPI and Others) by location together with employment therein is given in the following table .

It is observed that bulk 6629 (96.7%) of agricultural establishments were under Private Proprietary Ownership which accounted for 12907 (93.4%) workers at U.T level. About 47 (0.7%) establishments were owned by 'Private Others' employing about 68 (0.5%) of the total workers and the share of Government/PSU in agricultural establishments was only 42 (0.6%) employing 258 (1.9%) of total workers. Similar trend was observed in both rural and urban areas.

**Tab -12 Distribution of Agricultural establishments and employment therein by type of ownership**

#### 4. Agricultural Establishments under Proprietary Ownership

The majority of agricultural establishments under proprietary ownership i.e. 3810 (57.5%) were in rural areas employing 6261 workers (48.5%) whereas the remaining about 2819 establishments (42.5%) were in urban areas which employed 6646 (51.5%) workers. The average employment in the agricultural establishments was 1.9 persons per establishment. This distribution was 1.6 in rural areas and 2.4 in urban areas. Proprietary agricultural establishments under male, female and others ownership were 4784 (72.2%), 1843 (27.8%) and 2 (0.0%) respectively that employed 10564 (81.8%), 2340 (18.1%) and 3 (0.0%) workers. It was observed in rural areas where the distribution of male, female and others ownership were 2566 (67.3%), 1242 (32.6%) and 2 (0.0%) whereas in urban areas the same distribution was about 2218 (78.7%), 601 (21.3%) and 0. (0.0%) respectively. The Distribution of Agricultural proprietary establishments and employment by sex of owner is shown in the following table:

**Tab -13 Distribution of Agricultural establishments proprietary establishments and employment by sex of owner**

#### 5. SOCIAL GROUP OF OWNERS

It is observed from the following table that the social group OBC owned 70.4% of agricultural establishments where 73.4% of the total agricultural establishments' work force were engaged in which the rural and urban workforce contribute 71.6% and 68.6% respectively. The SC and ST owners owned 15.8% and 0.4% of the total agricultural establishments where 9.7% and 0.3% of the workers were engaged. The 'Others' group owned 13.5% of these establishments with 16.5% employment therein. Majority of proprietary agricultural establishments were owned by OBC owners with figures of 70.4% of total agricultural establishments having the employment share of 73.4%. In rural areas, 71.6% establishments were under OBCs' ownership that employed 74.3% of the workers.

The share of OBC ownership of proprietary agricultural establishments in urban areas was 68.6% employing 72.6% of the workers.

**Tab - 14 Establishments and employment in proprietary establishments by sector and social group of the owner**

It has been observed from the table that the Livestock sector which contributed 3836 establishments (56%) in which employment size 1-5 alone constituted 99.7% followed by Fishing and aqua culture 2764 (40.3) of their total size employment.

**CHAPTER – IV**  
**NON-AGRICULTURAL ESTABLISHMENTS**

**1. COVERAGE**

In sixth Economic Census, a non-agricultural establishment has been defined as an establishment which was engaged in Secondary and Service sectors. In other words, all establishments other than the agricultural establishments are named as non-agricultural establishments.

**2. ESTABLISHMENTS**

The distribution of non-agricultural establishments and employment therein by types of establishments with rural-urban break up is given in the following table.

**Tab-19 Distribution of Non-Agricultural establishments & employment**

Sl.No.	Type of Establishment	Rural		Urban		Combined
		Number	%	Number	%	
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1	<b>Establishments</b>					
	Establishments	5704	23.8	18228	76.2	23932
		41.4%		47.3		45.8

		100.0		100.0		100.0
	Employment	61750	30.0	143811	70.0	205561
		100.0		100.0		100.0
	Female	18424	30.4	42260	69.6	60684

There were 52299 non-agricultural establishments (13792 in rural areas and 38507 in urban areas) in the Union Territory of Puducherry, which accounted for 88.4% of the total establishments. Out of these, 28367 (54.2%) were own account establishments and the remaining about 23932 (45.8%) were establishments with at least one hired worker. Out of 13792 non-agricultural establishments located in rural areas, 8088 were own account establishments and remaining 5704 were establishments with at least one hired worker. Similarly out of 38507 non-agricultural establishments in the urban area, 20279 were own account establishments and the remaining 18228 were establishments with at least one hired worker. Out of a total of 28367 own account non-agricultural establishments in the U.T of Puducherry, 8088 (28.5%) were located in rural areas and the remaining 20279 (71.5%) located in urban areas. Similarly, out of 23932 non-agricultural establishments with at least one hired worker, 5704 (23.8%) establishments were in rural areas and the remaining 18228 (76.2%) establishments were located in urban areas.

### **3. EMPLOYMENT**

Out of 205561 persons worked in non-agricultural establishments, constituting about 93.7% of the total employment. Of these, 36910 persons (18.0%) were employed in own account establishments and the remaining 168651 (82.0%) employed in establishments with at least one hired worker. In non-agricultural sector, 61750 (30.0%) of the total employment was in rural areas, whereas 143811 (70.0%) of the total employment was in urban areas. There were 168651 hired workers working in the non-agricultural establishments which constitute 82.0% of total workers in the non-agricultural sector. Out of total hired workers, 30.3% of them were found in the rural areas and the rest 69.7% workers were in urban areas. Female workers were 60684, constituting 29.5% of total employment in non-agricultural establishments. About 30.4% of them were found in the rural areas and rest 69.6% were found in urban areas.

Average employment of 3.93 persons was observed in non-agricultural establishments. It was found to be higher in rural areas (4.5) than in urban areas (3.7). Own account establishments and establishments with at least one hired worker had an average employment of 1.30 persons and 7.0 persons respectively.

#### **4.1 Own Account Establishments Majority activity group**

It has been observed from the above table that there were 28367 own account establishments, constituting 54.2% of the non-agricultural establishments. Amongst own account establishments, the activity group 'retail trade' (41.7%) had the highest share, followed by 'manufacturing' (16.3%). In the rural areas, 'retail trade' alone accounted for

37.7% of the total non-agricultural own account establishments, followed by 'manufacturing' (17.2%). In urban areas the activity group 'retail trade' had the largest share with 33.1% of the establishments. The second position 'manufacturing' had 15.9% share of the establishments.

### **4.3 .Own Account Establishments**

Out of total employment of 36910 persons in own account establishments which is 18% of total in non-agricultural establishments. About 10703 (29.0%) of the total employment in own account establishments were engaged in rural areas. Amongst the own account establishments, the total employment in the non-agricultural activities was dominated by 'retail trade' with 14956 constituted 40.5% of the total employment followed by 'manufacturing' engaging 6354 workers (17.2%).

In rural areas, the 'retail trade' accounted for 47.33% of the employment, followed by 'manufacturing' and 'other service activities not elsewhere classified' with 20.2% and 9.5% of employment respectively. In urban areas, the activity group 'retail trade' had the largest share of employment 37.7% followed by activity groups 'manufacturing' and 'other service activities not elsewhere classified' with 16% and 11.1%, of the employment respectively.

### **4.4 Establishments with at least one hired worker**

Non-agricultural establishments with at least one hired worker gave employment to 168651 persons. Amongst the establishments with at least one hired worker, 'manufacturing' dominated with 51556 (30.6%) of total employment followed by 'retail trade' engaging 23610 (14%). Activity group 'education' occupied the third position with 21196 workers constituting 12.6%.

### **4.5 Rate of employment in Non-agricultural establishments without hired worker and at least one hired worker**

Average employment in Own establishments for all the activities taken together was found to be 1.30 persons (1.32 in rural, 1.29 in urban). Similarly, the average employment in non-agricultural establishments with at least one hired worker for all the activities was found to be 7.0 persons (8.9 in rural, 6.5 in urban).

## **5. TYPE OF OWNERSHIP IN NON-AGRICULTURAL ESTABLISHMENTS AND EMPLOYMENT**

The distribution of Non-agricultural establishments by their type of ownership (i.e. Govt./PSU and Private Ownership comprising Proprietary, Partnership, Company, SHG, Co-operative, NPI and Others) by location together with employment therein is given in the following table .

It is observed that bulk 44613 (85.3%) of non-agricultural establishments were under Private Proprietary Ownership which accounted for 127005 (61.8%) workers at U.T level. About 1372 (2.6%) establishments were owned by 'Private partnership' employing 16587 (8.1%) of the total workers which is the 2<sup>nd</sup> highest share in private proprietary ownership and the share of Government/PSU in non-agricultural establishments was 2702 (5.2%) employing 26947 (13.1%) of total workers. Similar trend was observed in both rural and urban areas.

**Tab -23 Distribution of Non-Agricultural establishments and employment therein by type of ownership**

## 6. Non-Agricultural Establishments under Proprietary Ownership

The majority of agricultural establishments under proprietary ownership i.e. 36266 (70.8%) were in urban areas employing 91913 workers (72.4%) whereas the remaining about 14976 establishments (29.2%) were in rural areas which employed 35092 (27.6%) workers. The average employment in the non-agricultural proprietary establishments was 2.5 persons

per establishment with rural 2.3 and urban 2.5. Proprietary non-agricultural establishments under male, female and others ownership were 40958 (79.9%), 10169 (19.8%) and 115 (0.2%) respectively that employed 108888 (85.7%), 17687 (13.9%) and 430 (0.3%) workers. It was observed in rural areas where the distribution of establishments of male, female and others ownership were 11156 (74.5%), 3764 (25.1%) and 56 (0.4%) whereas in urban areas the same distribution was about 29802 (82.2%), 6405 (17.7%) and 59 (0.2%) respectively.

**Tab -24 Distribution of Non-Agricultural Proprietary establishments and employment by sex of the owner**

## 8. NATURE OF OPERATION

Under non-agricultural activities, the perennial establishments accounted for 96.8% (50602) of the establishments and providing 97.9% (201321) of the employment with an average employment of 3.98 persons per establishment. About 13475 establishments, accounting 97.7% of the rural establishments of non-agricultural establishments, were perennial which employed 60667 workers whereas in urban areas it was 37127 (96.4%) establishments employing 140654 persons (97.8%). As far as seasonal and casual establishments and employments are concerned the percentage share is very meager. The distribution of establishments and employment in non-agricultural establishments by nature of operation is given in the following table.

**Tab -26 Distribution of Non-Agricultural establishments and employment therein by sector and nature**

Nature of Operation	Number of establishments			Number of workers		
	Rural	Urban	Combined	Rural	Urban	Combined

## **CHAPTER – V**

### **HANDICRAFT & HANDLOOM ESTABLISHMENTS**

#### **1. INTRODUCTION**

As the information regarding Handicraft and Handloom establishments is insufficient, Government of India has decided to collect the required information during Sixth Economic Census after due consultation with erstwhile Planning Commission, Development Commissioner (Handicraft), Development Commissioner (Handloom), Craft Council of India and other stakeholders. The purpose of including this item in the Economic Census was to assess the number of handicraft and handloom establishments in the country and persons employed therein.

#### **2. DEFINITION OF HANDICRAFT/HANDLOOM ACTIVITY**

Handicraft/Handloom describes a craft or occupation requiring skilled use of hands. Handicrafts are items made by hand, often using simple tools. These items can be functional, artistic and/ or traditional in nature. The need to enumerate crafts in the Sixth Economic Census is to understand and reflect the huge contribution artisan communities make to India's economy. Thus, to summarise, skill of worker and use of hand are two prerequisites for handicraft. It must be predominantly made by hand. It does not matter if some machinery is also used in the process. Handicrafts range from the very simple (diyas, kulhars) to the very complex (stone temples, enamel jewellery) work. Certain products like baskets, brooms, pots, diyas, mats and chiks could range from very simple to quite complex, but are traditionally considered as handicrafts even in their simplest forms. At the same time, certain handmade articles are not usually categorized as handicrafts. Activities involving human labour without skill are usually not included. Handicraft/Handloom establishments are those which involved predominant role of human skills and performed by hands using traditional knowledge and simple tools.

#### **3. ESTABLISHMENT**

It is observed from the following table that the total number of handicraft/handloom establishments in the Union Territory of Puducherry is 353, out of which 74.2% are located in urban area and the rest 25.8% in rural areas. Further, it is observed that 232 (65.7%) establishments were run without hired workers. As far as nature of operations are

concerned, 91.2% establishments were perennial, 6.5% were seasonal and rests 2.3% were casual.

**Tab - 1 No.of Handicraft/handloom establishments with or without Hired workers**

Establishment/ Employment	Rural				Urban				Combined		
	Without Hired Workers	With atleast one hired worker	Total	%	Without Hired Workers	With atleast one hired worker	Total	%	Without Hired Workers	With atleast one hired worker	Total

% total	68.1	31.9	100.0	100	64.9	35.1	100.0	100	65.7	34.3	100.0

#### 4. EMPLOYMENT

It is observed from the table given below that 2730 persons were employed in handicraft and handloom sector. Out of which, 2542 (93.1%) persons were employed in establishments located in urban areas. The number of persons employed per establishment works out to be 7.7. In the handicraft/handloom sector, 13.7% of employment was in establishments without hired workers while 86.3% of employment was in establishments with at least one hired worker. The percentage of persons employed in establishments without hired workers was 47.9% in rural areas whereas it was 11.2 % in urban areas.

**Tab-2 No.of persons employed in Handicraft/handloom establishments with/without hired workers**
