FOREWORD

I am happy to note that the Directorate of Economics and Statistics has brought out the Publication - "*Annual Report 2018-19*". The Annual report presents the activities and achievements made by the Directorate during 2018-19. The Annual Report also contains the Socio-Economic Indicators relating to various sectors of the Union Territory Economy which will be useful to departments implementing various welfare and development schemes. Photographs on important events are also incorporated in the Publication

I hope that this report would serve as a reference book on the functioning of the Directorate in the Union Territory.

Suggestions for improvement are most welcome.

ANNUAL REPORT 2018-19

INTRODUCTION

Puducherry, a small Union Territory on the East Coast of India extends over an area of 490 Sq. Kms. It comprises of four geographically non-contiguous regions namely, Puducherry, Karaikal, Mahe and Yanam. Puducherry, the capital of the U.T., is on the east coast and south of Chennai at a distance of 162 Kms. Karaikal lies at 130 Kms. south of Puducherry. Mahe is situated near Tellicherry, geographically between Kozhikode and Kannur districts of Kerala at a distance of 850 Kms from Puducherry. Yanam is situated on the east coast geographically as an enclave of East Godavari district of Andhra Pradesh and politically forming part of the U.T. of Puducherry at a distance of 870 Kms (North) from Puducherry. The Union Territory of Puducherry (UTP) consists of two districts viz., Puducherry District comprising of Puducherry, Mahe and Yanam regions and Karaikal district comprising of Karaikal region.

STATISTICAL SCENARIO IN THE UNION TERRITORY

With the increasing involvement of the state in welfare activities, there is a growing need for statistics in all productive activities and their presentation in a meaningful framework to facilitate decision making. This led to the creation of Directorates of Economics and Statistics (DES) in all States and Union Territories. For the purpose of co-ordination of Statistical activities of the U.T and for the promotion of Statistical standards, the Directorate of Economics and Statistics was setup in August 1957 in the U.T. of Puducherry. The main thrust of the Directorate in the initial years was to serve as a focal point of information on various subject matter fields of statistics. DES has been declared as Nodal Agency for all the statistical activities of the Union Territory of Puducherry during 1982. Since then DES is acting as the Nodal Agency and Statistical Authority for developing and managing the statistical system in the Union Territory.

The Directorate has witnessed continuous growth over the years and the responsibilities of the Directorate both in terms of scope and nature of work had increased considerably. The Statistical Science has assumed paramount importance for socio-economic planning and policy formulation in recent years. DES plays a key role in building up of a sound data base covering various sectors of the U.T economy and provides valuable inputs for planning and policy formulation. **Smt. PADMA JAISWAL, I.A.S.**, is the Secretary (Economics and Statistics) for DES. The Director

Dr. R. RAMAKRISHNAN is the Head of Department, **Shri N.SUNDARAMURTHI**, Joint Director is the Head of Office for DES.

The functional and organizational structure of the Directorate of Economics and Statistics in the past 50 years has experienced phenomenal growth to meet the growing demands of the statistical system. Many new units have also been set up in the DES as well as in other Departments / Agencies with a view to revitalize the activities of the Directorate and for meeting the growing demands for socio-economic statistics in respect of the Union Territory. Both the delivery system and the style of functioning of the DES have been dynamically designed to offer timely and efficient information service to the user agencies. The dissemination technique has been simplified over the past decades with enormous visual aids so that any common man can understand and appreciate the basis of statistics.

The DES provides technical assistance in statistical matters to the U.T. Government and other Government Departments, viz.,

- ❖ Guidance in conduct of survey/ study.
- ❖ Population projections.
- ❖ Preparation of Statistical Publications
- ❖ Providing trained statistical manpower to other Departments / Agencies for undertaking survey / study as and when required, and
- ❖ Undertaking adhoc surveys for various Government Departments and agencies of Union Territory of Puducherry.

The DES acts under the guidance of (i) Central Statistical Office, New Delhi, (ii) National Sample Survey Office, Kolkata, (iii) National Buildings Organisation, New Delhi and (iv) Labour Bureau, Shimla. Also, DES keeps close liaison with various Ministries at the Centre and implements various Centrally Sponsored Schemes.

Shri N. Sundaramurthi, Joint Director in the Directorate has been designated as Public Relation Officer and Public Information Officer under *Right to Information Act 2005* to look into the grievances of the staff and the public. Office procedure, rules and regulations as prescribed in the office manual are implemented strictly. A display board

has been set up in the premises of the Directorate indicating the names of the officers and designation along with subjects dealt by them.

The DES has already published the fourth revised edition of the Citizen Charter. The DES also has a separate interactive website and all statistical information / publications / Citizen Charter /RTI particulars are also made available in the official Website of DES: <https://statistics.py.gov.in>

The population of the U.T of Puducherry as per 2011 Census was 12.47 lakhs and the Decadal Population growth rate is 28.1%. The density of population has increased from 769 persons per Sq. Km in 1961 to 2547 persons in 2011. The literacy rate has increased from 37.43% in 1961 to 85.9% in 2011.

The Quick Estimates of GSDP for the U.T. of Puducherry in 2017-18 is estimated at Rs.32,215.20 Crores at current prices. The per capita income (on the base of NSDP) for the year 2017-18 (Quick Estimates) is estimated at Rs.1,97,999/-. The sectoral composition of the GSDP at current prices in 2017-18 (Quick Estimates) indicates that the percentage share of Primary, Secondary and Tertiary sectors as 6.40%, 45.39% and 48.21% respectively.

The yield statistics are collected by plot to plot enumeration method by the Field Supervisors of this Directorate in all the revenue villages in each crop season Khariff (July to October), Rabi-I (November to February) and Rabi-II (March to June) of an agricultural year (July to June).

Periodical meetings of the State Level Co-ordination Committee on Improvement of Agricultural Statistical System under the Chairmanship of Director, DES are held to

discuss various issues relating to improvement in collection of Agricultural Statistics in the U.T. An annual publication entitled “*Season and Crop Report*” is being brought out.

Area Enumeration work for Khariff, Rabi-I and Rabi-II seasons have been successfully completed in all the revenue villages. The annual publication “*Season and Crop Report 2017-18*” has been published and hosted on the official Website.

AGRICULTURE CENSUS

The Directorate of Economics and Statistics is conducting the 10th Agriculture Census in the Union Territory of Puducherry, a Centrally Sector Scheme of the Ministry of Agriculture and Farmers Welfare, Department of Agriculture, Cooperation and Farmers Welfare, Government of India with the Agriculture year 2015-16 as the reference period on complete enumeration basis in collaboration with the Revenue Department through re-tabulation of data available in the village land records of the Revenue Department and Khasra Registers maintained by the Directorate of Economics and Statistics at the village level.

The Agriculture Census is conducted in three phases. The field work for Phase-I of 10th Agriculture Census 2015-16 in respect of the U.T. of Puducherry was completed. Based on the L-1, L-2 and L-3 schedules, Table-1 has been prepared for the Union Territory as a whole. In Phase-II, detailed information on aspects such as tenancy, land use, irrigation, cropping pattern of all the operational holdings have been collected. The field work, scrutiny and data entry work of 10th Agriculture Census 2015-16 in respect of the U.T. of Puducherry have been successfully completed. The validation of data and generation of all tables are being done by the Ministry of Agriculture and Farmers Welfare, Government of India.

INPUT SURVEY:

In Phase-III of the Agriculture Census is known as Input Survey. Input Survey 2016-17 as a follow-up Survey of Agriculture Census 2015-16 is also undertaken in the U.T. of Puducherry as per the guidelines given by the Ministry of Agriculture and Farmers Welfare, Department of Agriculture, Cooperation and Farmers Welfare, Government of India.

Under the Input Survey 2016-17, information has been collected according to five size-groups of operational holdings. There are 129 revenue villages in the U.T. of

Puducherry, in which 10% of sample villages (13 villages) have been selected (8 villages in Puducherry Region, 3 villages in Karaikal Region and each one village in Mahe and Yanam Region). Field work, scrutiny and data entry work of Input Survey 2016-17 has been undertaken and forwarded to Ministry of Agriculture and Farmers Welfare, Government of India for validation of the data.

TIMELY REPORTING SCHEME (TRS)

The scheme is intended to provide timely and reliable estimates of area under major crops just after the sowing operation is completed. Area estimates of principal crops for all crop seasons of 2018-19 are sent periodically to the Ministry of Agriculture, New Delhi. Progress report regarding the operation of TRS is being sent periodically to the Ministry of Agriculture, New Delhi.

IMPROVEMENT OF CROP STATISTICS (ICS)

The Directorate of Economics and Statistics and NSSO make joint efforts for locating deficiencies in the system of collection of crop statistics in the Union Territory and suggest remedial measures under the scheme for improvement of crop statistics. The Sample check is carried out on a matching basis by the NSSO and the Directorate of Economics and Statistics to improve the quality of crop production statistics.

Area enumeration check has been carried out in 23 (TRS) villages in the U.T. of Puducherry. This Directorate has provided technical support and guidance to Agriculture Department Staff to conduct Crop Cutting Experiments in Puducherry and Karaikal regions for all three seasons of 2018-19 respectively. Two days Refresher Training to the primary workers, the supervisory staff of DES and Village Level Workers of Agriculture Department, have been conducted separately for Puducherry and Karaikal regions, for conducting crop cutting experiments for Paddy. Training was given by the resource person sponsored by NSSO (FOD) Chennai, during 9th to 10th August, 2018 at Karaikal and 13th to 14th August, 2018 at Puducherry. Joint inspection of area enumeration check by members of District Level Committee was also carried out.

CROP ESTIMATION SURVEY (CES)

The objective of crop estimation survey is to obtain in a scientific manner through conduct of crop cutting experiments reliable estimates of average yield per hectare and production of rice at State level with reasonable degree of precision.

ANNUAL SURVEY OF INDUSTRIES (ASI)

The Annual Survey of Industries (ASI) is the principal source of industrial statistics. It is conducted every year to provide information on the changes in the growth, composition and structure of organised manufacturing (factory) sector which relates to manufacturing processes, repair services, generation, transmission of electricity, gas and water supply undertakings and cold storage. The survey is conducted under the statutory provisions of the Collection of Statistics Act 1953 and Collection of Statistics (Central Rules) Rules 1959. It covers only those industries registered under sections 2m (i) and 2m(ii) of the Factories Act 1948. The field work is conducted by the Field Operation Division (FOD) of NSSO. The Directorate of Economics and Statistics, Puducherry covers the residual units of ASI from the year 2016-17 onwards. Pooling of central and state level ASI data for publishing district level estimates for the year 2016-17 is being carried out.

INDEX OF INDUSTRIAL PRODUCTION (IIP)

The Directorate of Economics and Statistics, Puducherry is preparing the Index of Industrial Production for every year based on the methodology supplied by the Industrial Statistics Wing, Central Statistics Office, Ministry of Statistics and Programme Implementation, Government of India, Kolkata is the indicator of industrial growth of the State Economy. For compilation of State Index of Industrial Production, production data from the selected factories are being collected for the year 2017-18 and 2018-19.

PRICE STATISTICS

The price section of this Directorate is responsible for the collection of wholesale and retail prices of essential commodities on weekly basis from Puducherry, Karaikal, Mahe and Yanam markets. These data are presented in the form of monthly publication

viz, “Price Bulletin” in English and Tamil. Based on the data collected, various reports have been prepared and sent to Reserve Bank of India, Labour Bureau, Shimla and Local Government Departments. Since Puducherry has been selected as one of the centres for computation of All India Consumer Price Index Number (CPI) for Industrial workers, the price quotations collected every week are forwarded to the Labour Bureau, Shimla.

STATE DOMESTIC PRODUCT (SDP)

State Income is one of the important indicators of economic growth of a State and it helps to study the impact of various development activities implemented by the State on the economy. The State income estimates are computed both at current and constant prices. The State income at current prices reflects nominal growth of the economy whereas the State income at constant prices reflects the real growth of the economy. The per capita income is used to determine both the absolute and relative performance of the economy of Puducherry with that of the other states and U.Ts. It is used by policy makers as an important indicator to measure the regional disparities and allocate Plan resources.

OFFICIAL STATISTICS

The Directorate is collecting data from various Departments of this Administration relating to the subjects like public health, vital statistics, education, joint stock companies, co-operation, labour and employment, industry, transport and communication, trade, police and crime, excise, plan expenditure, entertainment, life insurance, tourism, civil supplies, fisheries, banking, elections, fuel and power social welfare and etc. The collected data are presented in various publications brought out by the Directorate.

CENSUS OF GOVERNMENT EMPLOYEES

This Directorate is conducting Census of Government Employees with the aim of assessing the volume of employment in the public sector and other related information such as pay and emoluments of State / Central Government employees and a Report on Census of Government Employees is brought out on annual basis.

NATIONAL SAMPLE SURVEY

The National Sample Survey Organisation conducts multi-subject surveys and provides a sound data base for planning and policy formulation. The NSSO covers different subjects of importance such as employment and unemployment, consumer expenditure, land-holdings, livestock enterprises, debt and investment, social consumption, demography, morbidity and disability etc., through household surveys. The Socio-Economic surveys are carried out in the form of rounds, the period of a round being normally one year, in certain cases it may vary six months to one year. During the current year 2018-19, 77th Round is in progress under the subject “Land and Livestock Holdings, Agricultural Households, Debt and Investment and Time Use”. The data collection on the subject will be closed by December, 2019.

TRAINING

In pursuance of the recommendations of the Third Conference of the Central and State Statistical Organisations held at New Delhi, a training unit was set up in DES in 1980. The basic aim of the training scheme is to make the primary/intermediate level statistical personnel conversant with the concepts, definitions and terminology of different subjects such as statistics, mathematics, economics and official statistics so as to improve the efficiency and ensure production of good quality of data. DES imparts in-service training to the officials of this Directorate periodically.

SUPPORT FOR STATISTICAL STRENGTHENING (SSS) - CENTRAL SECTOR SCHEME

India Statistical Strengthening Project (ISSP), a world Bank funded Project, now renamed as ‘*Support for Statistical Strengthening (SSS)*’, which is now Central Sector Scheme aims to strengthen State Statistical Systems by way of providing adequate technical and financial support to improve their statistical capacity and infrastructure for collecting, compiling and disseminating reliable official statistics for policy planning purposes particularly at the state and sub-state levels. With the above primary objective, the SSS could also be perceived as a scheme aimed to act as a catalyst in facilitating implementation of National Strategic Statistical Plan (NSSP) for meeting growing data requirements both at national and international levels.

The scheme “*Support for Statistical Strengthening (SSS)*” is now a Central Sector Scheme with 100% funding from the Central Government.

The main objectives of the Scheme are:

- a. To strengthen the Statistical System of the States and Union Territories (UTs) of the Union of India; and
- b. To ensure to improve the coverage, quality, timeliness and credibility of 20 key Statistical Indicators.

EXPECTED OUTCOMES UNDER SSS

Once SSS is implemented, it is expected that there would be a significant improvement in the credibility, timeliness and reliability of state / Sub-state level data / statistical products and therefore in turn the national level data particularly in respect of the 20 core key identified statistical indicators including improvement in terms of adherence to prescribed statistical standards.

In addition, SSS is also expected to improve and catalyze the process of generating data required for planning, monitoring and reviewing various development schemes including different flagships schemes of the Government. It is also expected to eventually stimulate development of a sound objective data / information based decision support system at both the National and sub-national levels.

The State High Level Steering Committee on SSS, during the meeting held on 12-03-2018, cleared 18 items / activities to be undertaken under the SSS Scheme. The High Level Steering Committee, MoSPI, has also approved the Programme of 18 activities and released funds to the extent of Rs.1.99 Crores during September 2018 as first installment.

The proposal of the Directorate of Economics and Statistics, Puducherry consists of the following statistical activities which have been prepared in consultation with the Support for Statistical Strengthening (SSS) unit of MoSPI and are proposed to be undertaken in the U.T of Puducherry. The activities listed below are prepared with a view to plug the data gaps in the compilation of 20 core statistical indicators.

STATISTICAL PUBLICATIONS

In recent years, there is a growing demand for statistics on all socio-economic aspects of the State and also for presentation of such statistics in a meaningful framework. The effectiveness of the Statistical System in a State depends upon the efficiency in the collection and compilation of statistics with high standard of reliability and making them

available to users in time. Hence, the Directorate has enlarged its activities not only to cater to the needs but also to stimulate wider user fields. Directorate is making consistent efforts to gain the respect and confidence of Politicians, Bureaucrats and the Public by presenting up-to-date validated statistical data in the publications. The Publications of the Directorate also aim at providing important statistics which are generally required for economic analysis.

ABSTRACT OF STATISTICS (ANNUAL)

It is the most comprehensive publication of the DES and serves as an important source material for statistical time series data of different aspects of the Union Territory of Puducherry. The Publication gives region-specific micro-level data on Area and Population, Rainfall, Agriculture, Livestock, Fisheries, Industries, Power, U.T. Budgetary details, Finance and Banking, Co-operative Societies, Joint Stock Companies, Social Welfare, Tourism, Insurance, Prices, State Domestic Product, Police and Crime, Education, Public Health and Vital Statistics, Housing and Five-Year Plans.

ANNUAL SURVEY OF INDUSTRIES (ANNUAL)

The ASI report presents data on salient characteristics of industries like extent of investment, employment, input, output, labour cost, value added etc., and gives a descriptive account of the industrial structure of the U.T. of Puducherry. The ASI data provides statistical information to assess and evaluate objectively and realistically the changes in the growth, composition and structure of the organized industrial sector. It also provides comprehensive, factual and systematic basis for formulation of industrial policy. It gives the contribution of the organized industrial sector to the State Domestic Products of the U.T. of Puducherry.

BUDGET IN BRIEF (ANNUAL)

The publication presents the Budgetary details in a simple form and vividly highlights the fiscal activities of the State highlighting the comparative growth in the Revenue receipts and Expenditure of the State.

BUDGET AND ECONOMIC-CUM-PURPOSE CLASSIFICATION (ANNUAL)

Various items of Revenue and Expenditure of the State regrouped and reclassified into meaningful economic and purpose categories to facilitate better understanding of the economic aspects of Government transactions are presented in the publication.

CENSUS OF GOVERNMENT EMPLOYEES (ANNUAL)

The Report contains statistics on Employees of Puducherry State Government / Central Government / Local Bodies and Autonomous Institutions and helps to assess the volume of employment and related information in the Public Sector.

ECONOMIC CENSUS (QUINQUENNIAL)

Economic Census provides up dated information on number of establishment and number of persons employed therein, activity-wise, of all the sectors (excluding crop production, plantation, public administration, defense and compulsory social security) of the country including their distribution at all-India, State, district, and at village / ward levels for comprehensive analysis of the structure of the economy (micro, macro and regional levels) for economic planning and policy formulation.

INDEX NUMBER OF INDUSTRIAL PRODUCTION (ANNUAL)

Index of Industrial Production prepared and published annually by the DES is the most up-to-date indicator of industrial growth of the U.T. of Puducherry. It is also used by the Planners for framing policies and programmes.

PUDUCHERRY AT A GLANCE (ANNUAL)

This publication presents the selected Statistical data covering the important selected socio-economic aspects of the U.T. of Puducherry.

PRICE BULLETIN

Price Bulletin published by the DES is an important publication pertaining to the economy. The price data utilized by official agencies can be divided into two broad categories, viz,

- i) Regulatory uses and
- ii) Statistical uses.

A regulatory use includes, planning, policy making and administrative control and the Statistical use comprises construction of price indices, framing estimates of National Income and analytical studies. Data on prices of agricultural commodities is needed by the Government generally for policy making and administrative purposes and by the traders for their sale/purchase business. The Government needs price data, not only for the formulation of current policy but also for the assessment of progress in the implementation of these policies and plans.

REPORT ON AGRICULTURE CENSUS (QUINQUENNIAL)
