Table 6,7 & 8 reveals that the No. of male deaths due to various causes is higher than female deaths in all the four regions of the U.T. Maternal death is high during the year 2007(84) and it has declined in (14) 2008. Deaths due to suicide has increased in respect of females from 231 in 2006 to 427 in 2008 which is a matter of concern.
